## EXPERIENCE

### **SoundHound AI Inc.** User Experience Designer

*Sept 2019 – Nov 2022 Santa Clara, CA*

- Designed and launched new features for the SoundHound app, which has a global audience of over a million monthly users.
- Re-organized the design system for the Hound app to improve our team's internal workflow and create a consistent visual identity.
- Collaborated with a cross-functional team to implement a data dashboard tool for reviewing voice AI queries, launching internally within a month.
- Worked closely with the marketing team to create a series of videos showcasing SoundHound's voice AI technology, and provided feedback to external partners on how to improve their voice AI experiences.

### **Leap Design Studio** Product Designer

*Sept 2018 – June 2019 Remote*

- Designed web and mobile UI mockups for Leap's clients in Sketch, and created animated prototypes using Adobe After Effects and Principle.
- Worked remotely in Figma to wireframe user flows and design marketing materials such as email templates and product shots.
